What happened?
Where in Canada do you think this happened?
What do you think caused it?
Was it caused by geological or climatic factors or both?
Who was affected?

Natural Disaster #4
What happened?
Where in Canada do you think this happened?
What do you think caused it?
Was it caused by geological or climatic factors or both?
Who was affected?

Natural Disaster #5
What happened?
Where in Canada do you think this happened?
What do you think caused it?
Was it caused by geological or climatic factors or both?
Who was affected?

Natural Disaster #6
What happened?
Where in Canada do you think this happened?
What do you think caused it?
Was it caused by geological or climatic factors or both?
Who was affected?

Natural Disaster #7
What happened?
Where in Canada do you think this happened?
What do you think caused it?
Was it caused by geological or climatic factors or both?
Who was affected?

Natural Disaster #8
What happened?
Where in Canada do you think this happened?
What do you think caused it?
Was it caused by geological or climatic factors or both?
Who was affected?
