

King Bee- Medium

1. Fold the sheet down about 2 1/2 inches before the bottom.
2. Fold both corners to the centerline.
3. Open up the sheet and accordion fold the sides in.
4. Fold both edges of the triangle to the center (top layer only).
5. Fold the top back to meet the bottom edge of the other side.

6. Fold up both middle flaps up.
7. Fold plane in half away from you.
8. Fold down one wing as shown and then repeat with the other.
9. Crease the ends of both wings up and then cut two slits on the back of each wing.
