

Activity Sheet

Name of scientist:

---

Colour the materials you will need to build your tree house (structure).

Safety materials: ORANGE

Building Materials: YELLOW

Fastener: BLUE

1. Choose materials for your tree house.
2. Draw them on your code grid.
3. Draw arrows on your grid to guide your partner to the materials.
4. Give your partner thumbs up if they step on the square with a material.

Test it out!

Test out the code of **three** different students. Write the name of each person's code that you test. Circle a happy face for every material you collect.

Name	Result
